EMPLOYMENT

April 2013–present

Developer

NEW YORK PUBLIC RADIO NEW YORK NEW YORK

Creating mobile app skeleton and using it to **design & build mobile apps** for WNYC, WQXR, and other New York Public Radio stations/shows.

Constructing **data-driven journalism apps** and **reusable tools** for WNYC data news team

November 2012–April 2013

JavaScript Developer

FLEXION MADISON WISCONSIN (REMOTE)

Created systems for administering standardized state tests to K-12 students over the web using Backbone, CoffeeScript, Raphaël, and D3. (Specifically, **graphing** and **calculator** tools.)

November 2011–October 2012

User Interface Designer (*Lead Designer*)

TOURA NEW YORK NEW YORK

Led extension and improvement of interface design of **HTML5 mobile apps** and app CMS

Developed and maintained open-source, dojo-based JavaScript framework for mobile apps & websites (Mulberry)

August 2008–November 2011

Interactive Designer

CENTER FOR AMERICAN PROGRESS WASHINGTON D.C.

Created & led interactive news graphics program in the Center's Editorial department.

Designed and developed websites, data visualizations, and interactive graphics for the Center & its affiliated organizations to respond to current events & support policy work.

Built standard, reusable tools to facilitate common data visualizations, with cross-browser and cross-device support (including touch optimizations).

Collaborated with policy teams to **research and tease out key points from data sets** and **invented engaging, story-driven ways** to present them on the web.

Introduced modern & emerging web technologies and standards, including CSS3, HTML5, Git, responsive design & JavaScript replacements for Flash.

March 2006–August 2008

Project Assistant

PROJECT ON EMERGING NANOTECHNOLOGIES, WOODROW WILSON CENTER WASHINGTON D.C.

Built database-driven system for displaying custom data with Google Maps.

Facilitated transition to new nanotechproject.org website, including CMS/design selection.

Designed reports, informational graphics, and other printed materials.

February 2005–February 2006

Research Intern

MIDDLE EAST PROGRAM, WOODROW WILSON CENTER WASHINGTON D.C.

Studied and tracked current events in the Middle East and **prepared briefings** on them.

Researched, wrote, and edited documents on a wide variety of subjects related to democracy and women's rights in the Middle East/North Africa region.
